## COEUM CORE...

*COEUM CORE.* . . an easy and centralized Knowledge Center that becomes the home for all corporate go-to info.

*Employee Directory.* . . the most complete single source of employee info to keep all in touch and collaborating.

*Corporate Vault.* . . The most efficient way to ensure those hard to find, no idea where they are, why do I need to keep them files remain in tact and available for business continuity.

## WORLD CLASS SUPPORT...

By definition, customer service is about serving the needs, wants, and desires of the customer - not the press, not the board, not the analysts. The customer. . . period.

At COEUM, we believe it is our responsibility to share best practices learned from decades of decentralized operations, while solving problems and answering questions that plague you today. All while exceeding your expectations. *That is the COEUM Customer Service Promise.*
